Spring Mountain - Springfield Rise

^^Based on land price provided at time of print. Plantation Homes does not have authority to negotiate land sale. Land is sold separately by Developer. All land enquiries to be made direct to Developer. House price is based on standard home from the Q-Collection and façade as specified, and Plantation Homes' preferred siting. Price does not include legal, stamp duty, registration fees or any other charges relevant to the acquisition of land. Included in the package price is the base house price (which is locked for the standard 12 month price lock period). Any further extensions will be in accordance with our current price lock terms and conditions. Price includes site costs but does not include any costs associated with satisfying wind rating requirements (other than N1 & N2), acoustic or bushfire requirements, non-standard scaffolding or traffic control, services to the home, property identification survey, relaxation fee requirements, build over sewer/storm-water requirements, town planning code assessment requirements, non-standard dirt and grime prevention measures due to soil conditions, containment mesh/hoarding, generator hire, HSTP fees. Price is based on Level 1 Compaction Report being provided by the Developer for the nominated lot/estate & survey of land matching Developer Disclosure Plan, and waffle pod or monolithic concrete slab construction. Any non-standard slab upgrades due to engineer's site soil classifications are not included in this package. This package is based on information available from Developer Disclosure Plan only and assumes the finished house pad level will provide sufficient fall to the street for sewer and stormwater runoff. If sufficient fall cannot be achieved additional stormwater runs or importation of fill and retaining walls may be required which are not included in this package. ^Excludes COLORBOND® steel roofing upgrades required to cater for site specific proximity to industrial or marine influence conditions. -Flooring offer includes timber look flooring (Wood Effects Essentials range) and Carpet (Hawks Bay Range) as per standard flooring design plan excluding wet areas. Excludes additional laying costs and professional cleaning. ** Move in pack includes - Geostone exposed aggregate (Category 1) reinforced concrete to Driveway, as per Site Plan. Price includes Council Driveway Application Fee and acid wash. Price excludes sealing of driveway. - Sandstone look letter box (1 in total) - Sunni Ezy Down wall mounted clothesline (1 in total). If soil classification is E1 or above, no driveway will be included in Move In Pack The floorplan shown is for the standard house design with standard façade, not the façade for this package and so will vary from actual floor plan. For dimensions and floorplan specific to the façade in this package please speak to one of our New Home Consultants. National Construction Code 2022 (NCC22) compliance is based on standard floorplan, base façade & inclusions based on mid-range colours. Any changes requested to the standard floorplan, base façade, inclusions, and colours darker than mid-range that may affect compliance will be quoted at sales stage and confirmed at tender. ***7-star - Due to lot orientation and other lot specific factors, customer selections and developer requirements, some homes may not automatically achieve 7-star energy rating and may require additional or upgraded building materials; in these circumstances Plantation Homes will quote the cost adjustments. 7-star calculations for some designs include 1-star credit for a compliant outdoor living area.
